

Home Work Assignments: Week of Jan 28, 2024

Advanced GIT procedures

Activity A

Recording

Activity

1. Create a repository on GitHub called 'git-tutorial'.
2. Clone the repository locally.
3. Create a branch called '**feature/jedi-master**'.
4. Create a file 'StarWars.txt' with the content 'a long time ago, in a Galaxy far far away'.
5. Create another file called **.env** with the content '**DB_URL=http:localhost:20457**'.
6. Add a folder called **node_modules**.
7. Add **.env** file and **node_modules** folder to **.gitignore**.
8. Commit the files to the current branch ie. '**feature/jedi-master**'.
9. Push the branch along with the files to the remote repo.
